

## Case Study for The World Newspaper using a Choice Care Card based HRA

The World Newspaper, a 13 employee newspaper company, had been insured with a \$20/30 Office Visit, \$500 Hospital Inpatient Co-pay HMO plan for many years. Like most other employers, they had been suffering double digit rate increases year after year.

In 2004, The World Newspaper took control of their health insurance program by implementing a higher deductible health plan along with a Choice Care Card based HRA.

The plan design implemented in 2004 is as follows:

- \$3,000/6000 deductible
- 100% co-insurance
- \$3,000 out of pocket maximum
- \$30 office visit co-pay with preventive care

The company funds an HRA with \$1,000/2000 annually for singles and families.

The results for the years 2004 through 2007 are as follows

Previous health plan premiums that would have been paid	\$324,004
Premiums paid for the high deductible health plan	\$213,024
